

Buff Kits for Drills & Bench Grinders

Where's the Mystery?

We've packaged these buff kits to take the mystery out of selecting buffing wheels & compounds. Kits are made for **1/2" arbor bench grinders** or **1/4" hex mandrel mounted for drills**. Simplified selection: Choose from **"All Metals Except Precious Metals"** or **"Precious Metals only"**! We've made it easy to get metal finishing right for the hobbyist & the professional! All in only four items with industrial quality in consumer friendly packaging. Keep it simple they said. We listened!
